## ABOUT UNITED WAY – JUNO HOUSE

Juno House is committed to building the emotional health of adolescent girls, young women and their families. Juno House is the only group of counselors in Calgary whose professional practice is exclusively dedicated to the unique mental health issues of this population such as eating disorders, self-harm and anxiety.

Funds raised at this luncheon will support Juno House clients by providing subsidized sliding-scale counselling services and capacity building to serve more families and educate the community.

**Girl Power Hour** is a unique opportunity to join other Juno House supporters for an hour of inspiration and awareness.
